## ORDERS MEXICAN BATTLE TO STOP

American Officer Brings Engagement to an End.

### BULLETS RAIN ACROSS LINE

Border Town of Nogales Falls Into Hands of Insurgents After About Twelve Hours' Fighting—Casualties Are Estimated at One Hundred Dead and Twice as Many Wounded.

Galveston, Tex., March 14.—Brigadier General Frederick A. Smith, commanding the Fifth brigade of the United States army, mobilized here, issued orders directing that troops of his command be held in readiness for instant embarkation on the four army transports now in the Galveston harbor.

What significance is attached to the order cannot be ascertained.

Nogales, Ariz., March 14.—Constitutionalists overthrew the federal garrison at Nogales, Sonora, and now are in possession of the border town, after a fight which continued with little abatement for twelve hours. Casualties are estimated at 100 dead and twice as many wounded on both sides.

Private Allen A. Umfleet, Troop G, Fifth cavalry, U. S. A., was seriously wounded by a rebel bullet while doing police duty near the international line here. The shot passed through his face from nose to ear. No other Americans were injured.

The United States soldier was shot when the attack was at its height. Lieutenant Colonel Tate, in charge of the Fifth cavalry patrol, instantly sent word to General Obregon, in command of the rebel forces:

"You have shot one of my men. Cease firing or I shall be after you at once."

At the same moment the firing from the regulars, under Generals Kosterlitzky and Reyes, slackened. By some preconcerted arrangement Lieutenant Colonel Tate called his bugler and ordered him to sound the Mexican "cease firing" order. The federal garrison instantly obeyed, but desultory firing continued to come from the besiegers.

Colonel Obregon succeeded in holding back the fire from his men so that Kosterlitzky and Reyes, with their forces, were able to cross to the United States, where they surrendered to Colonel Wilbur E. Wilder, Fifth cavalry, who arrived late to take command of the American troops. The Mexican federal soldiers stacked their arms before the American troops and disbanded.

### Attacking Force Suffers Most.

More than thirty wounded from either side rest in hospitals, while the dead dot the mesa land south of Nogales. The attackers suffered most heavily and of the 1,000 men who made the march against the garrison of 300 regulars the number of dead has not been accurately estimated.

A rain of lead dropped over the American town, many citizens narrowly escaping injury. Stray balls fell into the streets, some penetrated houses, narrowly missing Americans in their homes.

The destruction in the Sonora town was great, though the majority of buildings were of adobe.

General Obregon gave the order for attack. Three desperate attacks upon the federal soldiers were necessary to dislodge them from the defensive position.

Wicked fighting continued for a quarter of an hour, when a sudden assault was made by rebel reserves upon the right flank of the enemy. For half an hour longer the federal soldiers resisted, but, unable to face the terrific onslaught from all sides, they retreated to the shelter of the town and firing from them practically ceased.

It was at this time that Lieutenant Colonel Tate gave his order, "Cease firing." It is said that the American officer had been given order to cross into Mexico, if protection of Americans demanded such course, and give battle to the rebels and federalists alike in event they disobeyed his orders to cease firing.

### Mrs. Gamble Goes to Jail.

Council Bluffs, Ia., March 14.—As punishment for using the mails to entangle the affections of men in all parts of the country and securing money from them to be used supposedly for her husband and traveling expenses, Mrs. Florence Gamble of Boone was sentenced to sixty days in jail at Red Oak and to pay a fine of \$500.

### \$331,546,500 for British Navy.

London, March 14.—The British naval estimates for 1913-14, which were announced, total \$331,546,500, as compared with \$225,377,000 last year. The new building program provides for five battleships, eight light cruisers, sixteen torpedo boat destroyers and a number of submarines. The personnel of the navy is to be increased to 146,000 officers and men.

## DEMOCRATS NOW CONTROL SENATE

Elect New Officers and Will Reorganize Committees.

### WILL HANDLE TARIFF BILLS

Senator Simmons of North Carolina Secures Chairmanship of Finance Committee—Tillman Apparently Has Won His Personal Fight to Become Chairman of Appropriations.

Washington, March 14.—The Democratic forces took charge of the United States senate, elected new officers to preside over that body and paved the way for the reorganization of committees and a new control of legislative affairs.

Another session of the Democratic steering committee brought the committee lists near completion. It is expected that a Democratic caucus will prepare all committees for presentation to the senate Saturday.

The personnel of the finance committee, which is to handle all tariff bills, became definitely known. As now agreed upon it is:

Democrats—Chairman, Senator Simmons, North Carolina; Senators Stone, Missouri; Williams, Mississippi; Johnson, Maine; Shively, Indiana; Gore, Oklahoma; Thomas, Colorado; James, Kentucky; Hughes, New Jersey.

Republicans—Senators Penrose, Pennsylvania; Lodge, Massachusetts; McCumber, North Dakota; Smoot, Utah; Gallinger, New Hampshire; Clark, Wyoming; La Follette, Wisconsin.

### Tillman Wins His Fight.

Information indicated also that Senator Tillman had won his personal fight to obtain the chairmanship of the appropriations committee, the second most powerful of the senate. Persistent efforts had been made for several days to induce the South Carolina senator to surrender his priority right to Senator Martin of Virginia and to take the chairmanship of the naval affairs committee. It was stated on high authority, however, that the place practically was assured to Senator Tillman.

Other important chairmanships were settled. Senator Owen has been selected for the chairmanship of the banking and currency committee which will handle all currency reform legislation.

Senator O'Gorman probably will be made chairman of the committee on interoceanic canals.

Senator Clark of Arkansas was selected as president pro tempore and chose other officers as follows: James M. Baker, South Carolina, secretary; Charles P. Higgins, Missouri, sergeant-at-arms; Forest J. Pettitman, Washington, D. C., chaplain; Thomas W. Keller, West Virginia, assistant doorkeeper; Carl A. Loeffler, Pennsylvania, acting assistant doorkeeper.

### JUDGES SELECT NEW AIDES

Minnesota Law Creates Two Supreme Court Assistants.

St. Paul, March 14.—Judge Homer B. Dibel of the district court at Duluth and Judge Myron D. Taylor of St. Cloud will be the first supreme court commissioners of Minnesota, under the provisions of the act which became a law with the signature of Governor Elbert.

The announcement of the selection of the commissioners was made by the supreme court, which is authorized to appoint the court commission.

Women working in telephone and telegraph establishments will have shorter hours than their sisters in manufacturing industries or in mercantile employment if the senate and the governor agree to a bill passed by the house. It provides an eight-hour day for women employed in telephone or telegraph establishments, nine-hour day for women employed in mechanical or manufacturing establishments and ten-hour day for women employed in mercantile establishments and restaurants.

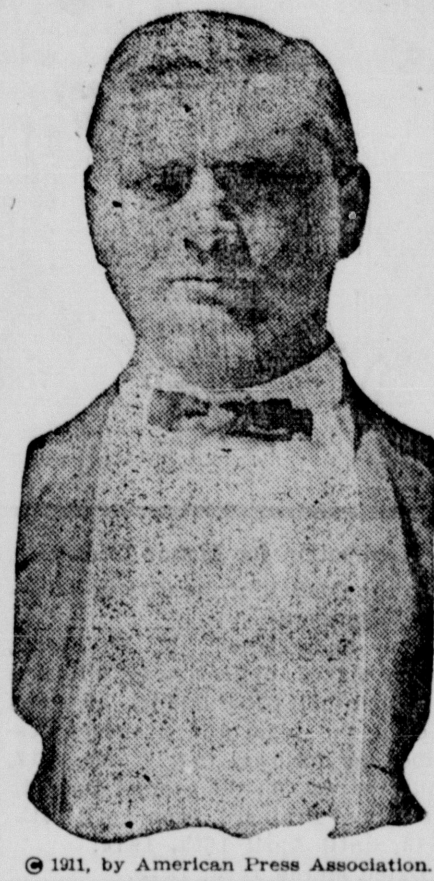

R. C. Dunn's county assessor bill, passed by the house, was killed in the senate by a vote of 41 to 17.

### SEVEN PERSONS DROWN.

New York, March 14.—Seven persons are reported to have drowned as the result of a collision between the steam light-er Wyckoff and an unidentified steamer in New York harbor. Jess Rawson, a negro, who was rescued by a passing ferryboat, says he and the other deckhands of the Wyckoff jumped into the water or were knocked overboard when the lighter was run down off Governor's island. Rawson is the only person known to have been rescued.

## SENATOR GORE.

### ECHO OF LORIMER TRIAL

Senator Gore Accuses Employee of Complicity.

Washington, March 14.—Charges that Charles A. Loeffler, acting assistant doorkeeper of the senate, was responsible for the disappearance of the Holtzlaw certificate of deposit presented during the Lorimer trial in the senate and which never was afterward located, were made in the senate by Senator Gore of Oklahoma, when Mr. Loeffler's re-election was proposed. The senator said his informant was a page of the senate who had delivered the certificate to Mr. Loeffler after receiving it from Senator Bailey.

The disappearance of the Holtzlaw certificate of deposit, which was depended upon by those seeking to unseat Mr. Lorimer as one of their proofs of the use of money in his election, was one of the sensations of the case and a mystery which never had been cleared up.

## GLASGOW STUDENTS GET WORST OF FIGHT

Attempt to Break Up Suffrage Meeting Fails.

Glasgow, March 14.—Students of Glasgow university and 300 stewards, including fifty dock laborers, came to grips at a suffrage meeting in St. Andrew's hall.

The students fared badly. Many of them were beaten, scores were ejected and the others sat throughout the remainder of the meeting in silence. Mrs. Emmeline Pankhurst, the suffragette leader, it was announced, would address the suffragettes. A large body of students from the university came to St. Andrew's hall to break up the meeting. They got more than they bargained for.

When Miss Annie Allan was introducing Mrs. Pankhurst the students, who were in force at the back of the hall, started an uproar. Immediately the detachment of stewards and dock laborers swooped down upon them. A free fight followed and those who occupied chairs stood on them to watch the scuffle.

The organist started playing in an endeavor to drown the uproar, but the effort was without success. After a fierce engagement, which lasted ten minutes, the stewards dragged or carried not less than fifty students into the streets. Those that were left behind, finding themselves outnumbered, did not renew the fighting, but were discreetly well behaved.

### VETOES THE AMNESTY BILL

President Gomez of Cuba Harkens to Protest of United States.

Havana, March 14.—President Gomez vetoed the amnesty bill. He took this action after a long conference with officers, at which there was a lengthy discussion of the note from the state department at Washington to the Cuban minister, Senor Rivero. The president prepared a message recommending the framing of a new bill to extend amnesty only to prisoners taken at the recent rising in Oriente and to other purely political offenders.

### BAN ON FAKED PICTURES.

Washington, March 14.—A Pennsylvania avenue photographer who has been using the tricks of his trade to make photographs of his customers in the attitude of shaking hands with President Wilson was formally requested by the White House to discontinue the practice. The same circumstance arose under the Taft administration.

## REDFIELD'S VIEWS ON PHILIPPINES

Opposes Freedom For the Islands.

### HE DISAGREES WITH BRYAN.

This Sentiment Renders Secretary of Commerce Out of Harmony With President and Secretary of State Redfield Has Been in Islands and Has First Hand Information.

By ARTHUR W. DUNN.

Washington, March 14.—[Special.]—At least one member of President Wilson's cabinet is not in harmony with his chief or with Secretary of State Bryan in respect to the Philippines. Secretary Redfield has been in the islands and after a thorough investigation came to the conclusion that no time should be fixed for granting them independence or passing a law in favor of that course.

He may be able to convince the cabinet that he knows best when he discusses the subject, although Mr. Bryan is a very hard man to convince when he has once made up his mind on any subject. Mr. Redfield only a short time ago made a very vigorous speech against the proposed Democratic policy as represented by the Jones bill granting the Filipinos independence in eight years.

### Women Will Work.

Every man in congress who in any way, discouraged the woman suffrage parade or made remarks about it which can be used against him among the women is to be marked in the next congressional election. The women have declared war on them and assert that they will empty a number of seats two years hence. The women are quite a power in politics, and if they make a personal canvass in those congressional districts they are likely to do considerable damage.

### Plenty of Publicity.

Publicity was what the women were seeking, and they certainly got it. The "hike" to Washington and the parade which was almost wrecked, gave them more advertising than they could have paid for with the United States treasury at their disposal. The women will now make an effort to obtain a constitutional amendment for woman suffrage, but that will not be passed until many more states have been added to the suffrage list.

### Cullom Continues at Work.

The venerable Shelby M. Cullom, whose thirty years of senatorial service ceased on March 4, has been made an officer of the Lincoln memorial association and will receive a salary of \$5,000 a year. This will continue as long as he lives. Everybody is glad that this action was taken.

After nearly sixty years of public service Senator Cullom is still a poor man, having never made any money while in office. "I never knew how to make money," said he one day, "and I barely scrape along on my salary. I don't know what I will do when that stops, unless," he added sadly, "I stop first."

### Bob Henry's Opportunity.

As Bob Henry of Texas did not reach a cabinet place and continues a member of the house he can go right along with his program for changing the constitution of the United States so as to make the inauguration day the last part of April instead of the 4th of March.

Of course he will have more difficulty now, as the last inauguration day, all that could be wished from a weather point of view.

### Denounced "Log Rolling."

On the last day of the session there was considerable said about "log rolling" legislation. Senator Williams of Mississippi explained that it originated in the early days when the pioneers helped each other to build their log houses. "It is very pernicious," he added.

Senator Owen of Oklahoma was even more emphatic, and after denouncing legislation for states and districts as opposed to the general welfare such as appeared in the river and harbor bill and the public building bill he said, "The time has come to end it, and I say here in the senate that there never will be passed through this body again a pork barrel bill for rivers and harbors or for public buildings."

Senator Owen may really believe that, but these bills are so "scientifically constructed"—that is, they take care of so many localities—that it is impossible to defeat them.

### Direct Election of Senators.

Senator Bristow of Kansas has pointed out that twenty-nine states have ratified the amendment to the constitution for direct election of senators by the people. The amendment has passed one or another house in seven other states. These would give the necessary three-fourths of the states to ratify the amendment.

It is expected that they or other states will pass the ratifying resolutions so that the next senatorial elections will be by the people instead of the legislatures. If this is done Maryland and Kentucky, holding senatorial elections next fall, will be the first to act under the new plan.

### Generosity.

Generosity will win favor with any one, especially when it is accompanied by humility.—Goethe.

## GOVERNOR SULZER.

Removes Colonel Scott as Superintendent of Prisons.

### SULZER OUSTS PRISON HEAD

Removes Colonel Scott When He Fails to Appear on Charges.

Albany, N. Y., March 14.—Colonel Joseph F. Scott, superintendent of state prisons, was removed from office by Governor Sulzer. Charges of non-feasance and neglect of duty against the superintendent were preferred by the governor and Colonel Scott was given time to reply. He filed a written answer, but did not appear before the executive.

The governor's action was announced less than two hours after the senate by a unanimous vote had adopted a resolution requiring the governor to refer the charges against the superintendent to an impartial tribunal for consideration and determination.

## ROOSEVELT URGES SOCIAL RESEARCH

Explains Reasons for Founding Progressive Party.

Philadelphia, March 14.—Former President Roosevelt addressed an audience which crowded the Metropolitan Opera House, urging the need of thorough organization for studying and seeing the ideals on which the platform of the Progressive party was based.

"The Progressive party was founded primarily to render social and industrial service," said Colonel Roosevelt.

"Rotten politics means rotten business and rotten conditions generally. The first requisite in any movement for better men in this country must be honesty."

"The party has divided its activities into several branches. The most characteristic, the most essential and the most original form of work we are undertaking is the work of the progressive service. We intend to realize the new freedom for which this nation strives by social research, in which information is the keynote, and then by the immediate translation of the knowledge thus acquired into action by a political organization in which service is the watchword."

"The progressive service branch of our party activities is devoted to social research, in organized, efficient shape, and is endeavoring to correlate it with the acts of law-making bodies and the needs of the public."

"Our party is not in power; it is not in office, but it is our duty to formulate public opinion and prepare it so that it shall insist on action along the lines we indicate."

### STRIKERS SECURE DEMANDS

Twenty Thousand Resume Work at Increased Pay.

New York, March 14.—The big strike of 20,000 members of the women and children's garment makers' union, which went into effect last Monday, has ended.

All workers went back to work on a compromise agreement, which provided for a fifty-hour working week, the "preferential" union shop, advances in wages averaging about 15 per cent, a permanent board of arbitration to adjust disputes and sanitary workshops. The subcontractor and tenement work plans are to be abolished as quickly as possible.

### Morgan Arrives in Naples.

Naples, Italy, March 14.—J. Pierpont Morgan arrived here on the steamship Adriatic from Alexandria, Egypt. He appeared to be in a satisfactory condition of health. He departed shortly after his arrival for Rome on board a special train.

### Hollis Elected Senator.

Concord, N. H., March 14.—Henry F. Hollis, Democrat, has been elected United States senator by the legislature.

## TERRIFIC STORM SWEEPS SOUTH

### FROM GREEKS IN AMERICA

Sword of Gold and Jewels for Prince Constantine.

New York, March 14.—A sword decorated with gold and jewels, costing \$3,000, which Greeks in America have purchased to send to Crown Prince Constantine of Greece, the commander-in-chief of the Greek army, has been finished. The movement to purchase the sword began last November when news came of the capitulation of the Turkish garrison at Saloniki to Constantine.

The handle of the sword is made of solid gold and the blade of Toledo steel. The hilt is decorated with enameled blue and white byzantine designs, suggestive of the conquest of the Turkish territory. Set in diamonds and sapphires is the royal coat of arms of Greece and on the blade an inscription in Greek reads:

"To Constantine, the liberator, from the Greeks in America, 1912."

### DESIRES TO REST QUIETLY

Former President Diaz Will Remain in Europe.

Naples, March 14.—General Porfirio Diaz declared that he would not return to Mexico. He arrived here on the Adriatic from Egypt. He replied to inquiries the ex-president said that his only desire was to be allowed to rest quietly.

"All my efforts, however," he said, "will be directed toward assisting my country to reach a condition of prosperity. I would go back to Mexico only in case of intervention in that country by the United States. At such a time all Mexican citizens would be united against the foreign invader."

### WELL KNOWN IN NORTHWEST

Former St. Paul Grocer Dies in California.

San Francisco, March 14.—Frederick R. Yerxa, retired grocer, formerly of St. Paul, who recently came to Berkeley from Los Angeles, died there. He was fifty-three years old.

Mr. Yerxa came to California eight years ago, settling in Los Angeles. About two months ago he came to Berkeley for his health, believing that cooler climate would benefit him.

He is survived by a widow, two sons, Henry C., a Berkeley business man, and Cabot A. of San Francisco, two brothers and a nephew, who is a student of the University of California.

### JIM JAM JEMS MISTRIAL

Jury Disagrees in the Case Against the Publishers.

Bismarck, N. D., March 14.—After being out twenty-four hours the jury in the case of publishers of the magazine Jim Jam Jems, charged with the violation of the interstate commerce law regarding the shipment of obscene literature, failed to agree on a verdict and were discharged. The case created national interest on account of the fact that dealers from several states were called here as witnesses.

## Thirteen Persons Killed and Much Property Ruined.

### REPORTS ARE VERY MEAGER

Demoralization of Telegraph and Telephone Service Delays News Dispatches—Wind and Rain Create Havoc in Louisiana, Texas, Alabama, Mississippi and Tennessee.

New Orleans, March 14.—Thirteen persons are reported killed and property valued at several hundred thousand dollars destroyed by a wind and rain storm which swept portions of Louisiana, Texas, Alabama, Mississippi and Tennessee. A deluge of rain extended over a more extensive area and practically demoralized telegraph and telephone service for several hours.

Only meager reports from the stricken district were obtainable. Great property damage and loss of life were reported in Provençal and Many, La. The town of Provençal practically was wiped out.

The property damage at Brookeland, Tex., near the Louisiana border, was estimated at \$100,000. While only one person was reported killed at that point many were seriously injured.

Reports from Gadsden, Ala., told of one death, one person missing and destruction of property in Etowah and Calhoun counties. All wires in the path of the storm in that section were blown down or put out of commission by lightning.

Pleasant Grove, Maury county, Tenn., was struck by the storm and it was thought the death list would amount to four persons at that place. Lexington, Chattanooga and Camden, Tenn., are said to have suffered damage, although no loss of life is reported. In Mississippi some damage to property was reported at Tupelo, Corinth, Safford and Guntown.

### CROSS OCEAN WITH GAS BAG

Former Milwaukee Man Plans to Start From Key West.

Milwaukee, March 14.—Joseph Brucker, a former Milwaukee man, who is planning on crossing the Atlantic ocean, will not use a dirigible, but an improved gas bag with no mechanical devices, according to a letter to his wife, who is visiting here.

Brucker is the son of a former Mayville, Wis., editor, but has become a millionaire manufacturer in Kiel, Germany, and has won fame as an aeronaut.

Mrs. Brucker says her husband will leave Munich soon for Key West, where he will begin his air trip across the ocean. He plans on starting April 1 and will make his first and only landing at the Canary islands.

### ONLY PART OF STORY TOLD

Illinois Lieutenant Governor Discusses Vice Probe.

Springfield, Ill., March 14.—"Only a small part of the story has been told," Lieutenant Governor Barrett O'Hara, chairman of the senate white slave investigating committee, said in an address here in which he reviewed the work done by the committee and outlined what the members hope to accomplish.

"Our investigators inform me," said Lieutenant Governor O'Hara, "that in some establishments in Chicago and in other Illinois cities girls work ten hours a day and word hard for the miserable pittance of \$1.50 a week."

### WRIGHT PATENTS UPHELD

Court of Appeals Confirms Judgment Against French Manufacturers.

Paris, March 14.—The Wright aeroplane patents were fully upheld by a decision in the Fourth division of the court of appeals, confirming a previous judgment rendered in the Third division, after reports from a technical commission.

The hearing and arguments lasted seven days.

The suit was brought by the Wright brothers against several French aeroplane manufacturers for an infringement of patents, particularly the warping ring principle.

### BRANDEIS NOT AFTER JOB

Noted Boston Attorney Will Not Accept Any Public Office.

Boston, March 14.—Louis D. Brandeis will not accept a public office. This was developed at the attorney's office when he said he would not accept any public office, but he would not make any statement regarding the matter. Brandeis was originally thought to be a cabinet certainty and has since been considered for several offices. He had been offered the post of Indian commissioner.

### Carranza Caught and Shot.

Laredo, Tex., March 14.—It is reported that Venustiano Carranza, governor of Coahuila, who revolted against the Huerta provisional government, was captured and shot by federal troops under General Truce Aubert at a point between Bajana and Monclova.

abatement for twelve hours. Casual-  
ties are estimated at 100 dead and

assault was made by rebel reserves  
upon the right flank of the enemy.  
For half an hour longer the federal  
soldiers resisted, but, unable to face  
the terrific onslaught from all sides,  
they retreated to the shelter of the  
town and firing from them practically  
ceased.It was at this time that Lieutenant  
Colonel Tate gave his order, "Cease

officer had been given order to cross

battle to the rebels and federals alike  
in event they disobeyed his orders to  
cease firing.

Committee—Tillman Apparently Has  
Won His Personal Fight to Become  
Chairman of Appropriations.Washington, March 14.—The Demo-  
cratic forces took charge of the  
United States senate, elected new of-  
ficers to preside over that body and  
paved the way for the reorganization  
of committees and a new control of  
legislative affairs.Another session of the Democratic  
steering committee brought the com-  
mittee lists near completion. It is ex-  
pected that a Democratic caucus will  
prepare all committees for presenta-  
tion to the senate Saturday.The personnel of the finance com-  
mittee, which is to handle all tariff  
bills, became definitely known. As  
now agreed upon it is:Democrats—Chairman, Senator Sim-  
mons, North Carolina; Senators Stone,  
Missouri; Williams, Mississippi;  
Johnson, Maine; Shively, Indiana;  
Gore, Oklahoma; Thomas, Colorado;  
James, Kentucky; Hughes, New Jer-  
sey.Republicans—Senators Penrose,  
Pennsylvania; Lodge, Massachusetts;  
McCumber, North Dakota; Smoot,  
Utah; Gallinger, New Hampshire;  
Clark, Wyoming; La Follette, Wis-  
consin.

Tillman Wins His Fight.

Information indicated also that Sen-  
ator Tillman had won his personal  
fight to obtain the chairmanship of  
the appropriations committee, the  
second most powerful of the senate.  
Persistent efforts had been made for  
several days to induce the South  
Carolina senator to surrender his pri-  
ority right to Senator Martin of Vir-  
ginia and to take the chairmanship  
of the naval affairs committee. It  
was stated on high authority, how-  
ever, that the place practically was  
assured to Senator Tillman.Other important chairmanships  
were settled. Senator Owen has been  
selected for the chairmanship of the  
banking and currency committee  
which will handle all currency reform  
legislation.Senator O'Gorman probably will be  
made chairman of the committee on  
inter-oceanic canals.Senator Clark of Arkansas was se-  
lected as president pro tempore and  
chose other officers as follows:James M. Baker, South Carolina,  
secretary; Charles P. Higgins, Mis-  
souri, sergeant-at-arms; Forest J.  
Prettlman, Washington, D. C., chap-  
lain; Thomas W. Keller, West Vir-  
ginia, assistant doorkeeper; Carl A.  
Loeffer, Pennsylvania, acting assis-  
tant doorkeeper.

## JUDGES SELECT NEW AIDES

Minnesota Law Creates Two Supreme  
Court Assistants.St. Paul, March 14.—Judge Homer  
B. Dibel of the district court at Du-  
luth and Judge Myron D. Taylor of  
St. Cloud will be the first supreme  
court commissioners of Minnesota,  
under the provisions of the act which  
became a law with the signature of  
Governor Eberhart. The announce-  
ment of the selection of the commis-  
sioners was made by the supreme  
court, which is authorized to appoint  
the court commission.Women working in telephone and  
telegraph establishments will have  
shorter hours than their sisters in  
manufacturing industries or in mer-  
cantile employment if the senate and  
the governor agree to a bill passed by  
the house. It provides an eight-  
hour day for women employed in tele-  
phone or telegraph establishments, a  
nine-hour day for women employed in  
mechanical or manufacturing estab-  
lishments and ten-hour day for women  
employed in mercantile establish-  
ments and restaurants.R. C. Dunn's county assessor bill,  
passed by the house, was killed in the  
senate by a vote of 41 to 17.

## SEVEN PERSONS DROWN.

New York, March 14.—Seven  
persons are reported to have  
drowned as the result of a col-  
lision between the steam light-  
er Wyckoff and an unidentified  
steamer in New York harbor.  
Jess Rawson, a negro,  
who was rescued by a passing  
ferryboat, says he and the  
other deckhands of the Wyckoff  
were knocked overboard when  
the lighter was run down off  
Governor's island. Rawson is  
the only person known to have  
been rescued.

## ECHO OF LORIMER TRIAL

Senator Gore Accuses Employee of  
Complicity.Washington, March 14.—Charges  
that Charles A. Loeffler, acting as-  
sistant doorkeeper of the senate, was  
responsible for the disappearance of the  
Holtslaw certificate of deposit pre-  
sented during the Lorimer trial in  
the senate and which never was after-  
ward located, were made in the sen-  
ate by Senator Gore of Oklahoma,  
when Mr. Loeffler's re-election was  
proposed. The senator said his in-  
formant was a page of the senate who  
had delivered the certificate to Mr.  
Loeffler after receiving it from Sen-  
ator Bailey.The disappearance of the Holtslaw  
certificate of deposit, which was de-  
pendent upon by those seeking to un-  
seat Mr. Lorimer as one of their  
proofs of the use of money in his  
election, was one of the sensations of  
the case and a mystery which never  
had been cleared up.GLASGOW STUDENTS  
GET WORST OF FIGHTAttempt to Break Up Suffrage  
Meeting Fails.Glasgow, March 14.—Students of  
Glasgow university and 300 stewards,  
including fifty dock laborers, came to  
grips at a suffrage meeting in St.  
Andrew's hall.The students fared badly. Many of  
them were beaten, scores were ejected  
and the others sat throughout the  
remainder of the meeting in silence.Mrs. Emmeline Pankhurst, the suf-  
frage leader, it was announced,  
would address the suffragettes. A  
large body of students from the uni-  
versity came to St. Andrew's hall to  
break up the meeting. They got more  
than they bargained for.When Miss Annie Allan was intro-  
ducing Mrs. Pankhurst the students,  
who were in force at the back of the  
hall, started an uproar. Immediately  
the detachment of stewards and dock  
laborers swooped down upon them. A  
free fight followed and those who oc-  
cupied chairs stood on them to watch  
the scuffle.The organizer started playing in an  
endeavor to drown the uproar, but  
the effort was without success. After  
a fierce engagement, which lasted ten  
minutes, the stewards dragged or car-  
ried not less than fifty students into  
the streets. Those that were left be-  
hind, finding themselves outnumbered,  
did not renew the fighting, but were  
discreetly well behaved.

## VETOES THE AMNESTY BILL

President Gomez of Cuba Harkens to  
Protest of United States.Havana, March 14.—President Go-  
mez vetoed the amnesty bill. He took  
this action after a long conference  
with officers, at which there was a  
lengthy discussion of the note from  
the state department at Washington  
to the Cuban minister, Senor Rivero.  
The president prepared a message  
recommending the framing of a new  
bill to extend amnesty only to prison-  
ers taken at the recent rising in Ori-  
ente and to other purely political of-  
fenders.

rapher who has been using the  
tricks of his trade to make  
photographs of his customers

hands with President Wilson  
was formally requested by the  
White House to discontinue  
the practice. The same cir-  
cumstance arose under the  
Taft administration.

REDFIELD'S VIEWS  
ON PHILIPPINESOpposes Freedom For the  
Islands.

## HE DISAGREES WITH BRYAN.

This Sentiment Renders Secretary of  
Commerce Out of Harmony With  
President and Secretary of State  
Redfield Has Been in Islands and Has  
First Hand Information.

By ARTHUR W. DUNN.

Washington, March 14.—[Special.]—  
At least one member of President Wil-  
son's cabinet is not in harmony with  
his chief or with Secretary of State  
Bryan in respect to the Philippines.  
Secretary Redfield has been in the is-  
lands and after a thorough investiga-  
tion came to the conclusion that no  
time should be fixed for granting them  
independence or passing a law in favor  
of that course.He may be able to convince the cabi-  
net that he knows best when he dis-  
cusses the subject, although Mr. Bryan  
is a very hard man to convince when  
he has once made up his mind on any  
subject. Mr. Redfield only a short  
time ago made a very vigorous speech  
against the proposed Democratic pol-  
icy as represented by the Jones bill  
granting the Filipinos independence in  
eight years.

Women Will Work.

Every man in congress who in any  
way discouraged the woman suffrage  
parade or made remarks about it which  
can be used against him among the  
women is to be marked in the next  
congressional election. The women  
have declared war on them and assert  
that they will empty a number of seats  
two years hence. The women are  
quite a power in politics, and if they  
make a personal canvass in those con-  
gressional districts they are likely to  
do considerable damage.

Plenty of Publicity.

Publicity was what the women were  
seeking, and they certainly got it. The  
"hike" to Washington and the parade  
which was almost wrecked, gave them  
more advertising than they could have  
paid for with the United States treas-  
ury at their disposal. The women will  
now make an effort to obtain a con-  
stitutional amendment for woman suf-  
frage, but that will not be passed until  
many more states have been added to  
the suffrage list.

Cullom Continues at Work.

The venerable Shelby M. Cullom,  
whose thirty years of senatorial ser-  
vice ceased on March 4, has been made  
an officer of the Lincoln memorial as-  
sociation and will receive a salary of  
\$5,000 a year. This will continue as  
long as he lives. Everybody is glad  
that this action was taken.After nearly sixty years of public  
service Senator Cullom is still a poor  
man, having never made any money  
while in office. "I never knew how to  
make money," said he one day, "and I  
barely scrape along on my salary. I  
don't know what I will do when that  
stops, unless," he added sadly, "I stop  
first."

Bob Henry's Opportunity.

As Bob Henry of Texas did not reach  
a cabinet place and continues a mem-  
ber of the house he can go right along  
with his program for changing the  
constitution of the United States so as  
to make the inauguration day the last  
part of April instead of the 4th of  
March.Of course he will have more difficulty  
now, as the last inauguration day was  
all that could be wished from a weath-  
er point of view.

Denounced "Log Rolling."

On the last day of the session there  
was considerably said about "log roll-  
ing" legislation. Senator Williams of  
Mississippi explained that it originated  
in the early days when the pioneers  
helped each other to build their log  
houses. "It is very pernicious," he  
added.Senator Owen of Oklahoma was even  
more emphatic, and after denouncing  
legislation for states and districts as  
opposed to the general welfare such  
as appeared in the river and harbor  
bill and the public building bill he  
said, "The time has come to end it,  
and I say here in the senate that there  
never will be passed through this body  
again a pork barrel bill for rivers and  
harbors or for public buildings."Senator Owen may really believe  
that, but these bills are so "scientifically  
constructed"—that is, they take  
care of so many localities—that it is  
impossible to defeat them.

Direct Election of Senators.

Senator Bristow of Kansas has  
pointed out that twenty-nine states  
have ratified the amendment to the  
constitution for direct election of sen-  
ators by the people. The amendment  
has passed one or another house in  
seven other states. These would give  
the necessary three-fourths of the  
states to ratify the amendment.It is expected that they or other  
states will pass the ratifying resolu-  
tions so that the next senatorial elec-  
tions will be by the people instead of  
the legislatures. If this is done Mary-  
land and Kentucky, holding senatorial  
elections next fall, will be the first to  
act under the new plan.

Generosity.

one, especially when it is accompanied  
by humility.—Goethe.

## SULZER OUSTS PRISON HEAD

Removes Colonel Scott When He Fails  
to Appear on Charges.Albany, N. Y., March 14.—Colonel  
Joseph F. Scott, superintendent of  
state prisons, was removed from office  
by Governor Sulzer. Charges of non-  
feasance and neglect of duty against  
the superintendent were preferred by  
the governor and Colonel Scott was  
given time to reply. He filed a writ-  
ten answer, but did not appear before  
the executive.The governor's action was an-  
nounced less than two hours after the  
senate by a unanimous vote had adopt-  
ed a resolution requiring the governor  
to refer the charges against the super-  
intendent to an impartial tribunal for  
consideration and determination.ROOSEVELT URGES  
SOCIAL RESEARCH  
Explains Reasons for Founding  
Progressive Party.Philadelphia, March 14.—Former  
President Roosevelt addressed an  
audience which crowded the Metro-  
politan Opera House, urging the need  
of thorough organization for studying  
and seeing the ideals on which the  
platform of the Progressive party was  
based."The Progressive party was found-  
ed primarily to render social and in-  
dustrial service," said Colonel Roose-  
velt."Rotten politics means rotten busi-  
ness and rotten conditions generally.  
The first requisite in any movement  
for better men in this country must  
be honesty.""The party has divided its activi-  
ties into several branches. The most  
characteristic, the most essential and  
the most original form of work we  
are undertaking is the work of the  
progressive service. We intend to  
realize the new freedom for which  
this nation strives by social research,  
in which information is the keynote,  
and then by the immediate transla-  
tion of the knowledge thus acquired  
into action by a political organization  
in which service is the watchword.""The progressive service branch of  
our party activities is devoted to so-  
cial research, in organized, efficient  
shape, and is endeavoring to correlate  
it with the acts of law-making bodies  
and the needs of the public."  
"Our party is not in power; it is not  
in office, but it is our duty to formu-  
late public opinion and prepare it so  
that it shall insist on action along  
the lines we indicate."

## STRIKERS SECURE DEMANDS

Twenty Thousand Resume Work at  
Increased Pay.New York, March 14.—The big  
strike of 20,000 members of the wom-  
en and children's garment makers'  
union, which went into effect last  
Monday, has ended.All workers went back to work on  
a compromise agreement, which pro-  
vided for a fifty-hour working week,  
the "preferential" union shop, ad-  
vances in wages averaging about 15  
per cent, a permanent board of arbi-  
tration to adjust disputes and san-  
itary workshops. The subcontractor  
and tenement work plans are to be  
abolished as quickly as possible.

Morgan Arrives in Naples.

Naples, Italy, March 14.—J. Pier-  
pont Morgan arrived here on the  
steamship Adriatic from Alexandria,  
Egypt. He appeared to be in a satis-  
factory condition of health. He de-  
parted shortly after his arrival for  
Rome on board a special train.

SWEEPS SOUTHFROM GREEKS IN AMERICA  
Sword of Gold and Jewels for Prince  
Constantine.New York, March 14.—A sword de-  
corated with gold and jewels, costing  
\$3,000, which Greeks in America have  
purchased to send to Crown Prince  
Constantine of Greece, the command-  
er-in-chief of the Greek army, has  
been finished. The movement to pur-  
chase the sword began last November  
when news came of the capitulation  
of the Turkish garrison at Saloniki  
to Constantine.The handle of the sword is made of  
solid gold and the blade of Toledo  
steel. The hilt is decorated with en-  
ameled blue and white byzantine de-  
signs, suggestive of the conquest of  
the Turkish territory. Set in diamonds  
and sapphires is the royal coat of  
arms of Greece and on the blade an  
inscription in Greek reads:"To Constantine, the liberator, from  
the Greeks in America, 1912."

## DESIRES TO REST QUIETLY

Former President Diaz Will Remain  
in Europe.Naples, March 14.—General Porfirio  
Diaz declared that he would not re-  
turn to Mexico. He arrived here on  
the Adriatic from Egypt. He ap-  
peared in excellent health. In reply  
to inquiries the ex-president said that  
his only desire was to be allowed to  
rest quietly."All my efforts, however," he said,  
"will be directed toward assisting my  
country to reach a condition of pros-  
perity. I would go back to Mexico  
only in case of intervention in that  
country by the United States. At  
such a time all Mexican citizens  
would be united against the foreign  
invader."

R. Yerxa, retired grocer, formerly of  
St. Paul, who recently came to Berke-  
ley from Los Angeles, died there. He  
was fifty-three years old.Mr. Yerxa came to California eight  
years ago, settling in Los Angeles.  
About two months ago he came to  
Berkeley for his health, believing that  
cooler climate would benefit him.He is survived by a widow, two sons,  
Henry C., a Berkeley business man,  
and Cabot A. of San Francisco, two  
brothers and a nephew, who is a stu-  
dent of the University of California.

Jury Disagrees in the Case Against  
the Publishers.Bismarck, N. D., March 14.—After  
being out twenty-four hours the jury  
in the case of publishers of the maga-  
zine Jim Jam Jems, charged with the  
violation of the interstate commerce  
law regarding the shipment of ob-  
scene literature, failed to agree on a  
verdict and were discharged. The  
case created national interest on ac-  
count of the fact that dealers from  
several states were called here as  
witnesses.

## REPORTS ARE VERY MEAGER

Demoralization of Telegraph and Tele-  
phone Service Delays News Dis-  
patches—Wind and Rain Create  
Havoc in Louisiana, Texas, Ala-  
bama, Mississippi and Tennessee.New Orleans, March 14.—Thirteen  
persons are reported killed and prop-  
erty valued at several hundred thou-  
sand dollars destroyed by a wind and  
rain storm which swept portions of  
Louisiana, Texas, Alabama, Missis-  
sippi and Tennessee. A deluge of  
rain extended over a more extensive  
area and practically demoralized tele-  
graph and telephone service for sev-  
eral hours.Only meager reports from the  
stricken district were obtainable.  
Great property damage and loss of  
life were reported in Provencal and  
Many, La. The town of Provencal  
practically was wiped out.The property damage at Brookeland,  
Tex., near the Louisiana border, was  
estimated at \$100,000. While only one  
person was reported killed at that  
point many were seriously injured.Reports from Gadsden, Ala., told  
of one death, one person missing and  
destruction of property in Etowah  
and Calhoun counties. All wires in  
the path of the storm in that section  
were blown down or put out of com-  
munication by lightning.Pleasant Grove, Maury county,  
Tenn., was struck by the storm and  
it was thought the death list would  
amount to four persons at that place.  
Lexington, Chattanooga and Camden,  
Tenn., are said to have suffered dam-  
age, although no loss of life is re-  
ported. In Mississippi some damage  
to property was reported at Tupelo,  
Corinth, Saitillo and Guntown.

## IDEAL SISTER IS SKETCHED IN SERMON

Rev. W. J. Lowrie, of Presbyterian Church, Preached on this Subject Sunday Evening

### HER FACE REFLECTS THE SOUL

She is Religious and Good, Sweet Tempered, Sympathetic, Generous, Hospitable and Modest

Last Sunday night at the Presbyterian church Rev. W. J. Lowrie preached on the subject "What Kind of a Girl Would You Like Your Sister to Be?" A number of answers were received to this query by the pastor during the week previous and were read from the pulpit. The ideal sister was thus found to be as follows:

Good looking. Not in the sense of having symmetrical and harmonized features that go to make up purely physical beauty but a face that reflects goodness, eyes that burn with a light divine, lips made beautiful by telling the truth, cheeks that are rosy with the health of wholesome living. The face reflects the soul as the water drops reflect the rainbow. Good nature expresses itself in the face, it shines from the eyes, it lies discovered beneath a smile.

Moral qualities radiate from the countenance having power to lift up and strengthen every one. The best of all sister was one who could stand the gaze of millions if need be "believing that by dealing nobly with all, all would deal nobly with her." Such a girl will not be insulted on the streets, even the street hoodlum will respect her and keep his vile tongue in check. The loud-mouthed distortion of femininity will be mouthed at from every corner.

As to taste. She should have regard for the conventional proprieties; good housekeeper; fond of reading and music. Slang, boisterous laughter, loitering on the streets, traveling gangs, Sunday night shows, all these things not wanted for "my sister."

As to disposition. Sweet tempered, sympathetic and generous, hospitable, modest.

Concerning faith. Most important is one letter she must be "religious and good." There are several idols worshipped by many—a well rounded sentence, a sentimental verse, a sentimental platitude framed in the language of some eastern mystic. One writer says: "I want my sister to be an active member in the church." A girl in America without the religion of Christianity, though she be ever so beautiful in face and figure, like a lustreless diamond or an expressionless eye, blank and vacant is the shifting sands of the awful desert.

### WEATHER RECORD

Arthur L. Mampel of Gull Lake Station Gives Figures for the Month of February, 1913

Arthur L. Mampel of the Gull Lake lam has given the Dispatch the weather records kept by him for the month of February, 1913.

The maximum temperature was 8 degrees above and minimum 27 below. The mean minimum was 4.18 degrees below and the mean maximum 20.75 degrees above.

The total snowfall was 1.16 inches. The snowfall of the winter to date, including end of February, is 5.5 inches. The precipitation for February was .11 inches. The snowfall has been very light for February.

During the month there were 12 clear days, 8 cloudy and 8 partly cloudy. The prevailing direction of the wind was northwest.

### THANKED FOR HER EFFORTS

Mrs. Martin W. Littleton Thanks Mrs. Grant Bronson for Assisting to Preserve Monticello

Mrs. Grant Bronson of Merrifield has received a letter from Mrs. Martin W. Littleton wherein the latter conveys her thanks for the efforts Mrs. Bronson has made to assist in preserving Monticello, the home of Thomas W. Jefferson, from being sold under the hammer.

Mrs. Littleton says, in part: "I beg you to believe that I thank you with full heart for having so promptly and cordially aided and approved my efforts in the movement to restore Jefferson's home and grave, by signing the petition towards the acquisition of Monticello, and by securing signatures of others to this memorial petition."

"American citizens are united by feelings of deepest affection and national bonds to their beloved Jefferson, the author of the Declaration of American Independence, and they have, from every city and town in the Union, in true patriotism, placed their millions of names on thousands of petitions addressed to Congress, expressing their wish to honor the memory of Jefferson. I am convinced that your kind and friendly aid, in circulating your petition, will be of greatest help in carrying out our high purpose."

"You may have heard that Monticello, that hallowed spot, where rests, our immortal Jefferson, has lately been covered by a mortgage, executed by Jefferson M. Levy, December 30, 1911 to John Appelby for \$45,000."

"If Mr. Levy is embarrassed to such an extent as to be forced to invade by mortgage Monticello, and thus make of it a commercial pawn, instead of a national shrine, it is hoped now, more than ever, that he will see the propriety of permitting the American people to sweep away this encumbrance, remove this shadow, redeem the property, and restore it to a position of national dignity, instead of allowing it, carrying the body of Jefferson, to drift with the good or bad fortune of any individual."

### TAKES UP FARMING

J. D. Armstrong has a Fine 125 Acre Farm on the Shores of South Long Lake

J. D. Armstrong, who recently sold his business at 721 Laurel street to F. B. Winslow, has taken up farming and is now permanently located on his fine 125 acre farm on the shores of South Long lake.

He has made many improvements to the place and will take up stock raising on a large scale as he considers the land peculiarly adapted to this most profitable branch of farming. He has horses, cattle, sheep and pigs in abundance and they all appear to thrive on his broad acres.

Mr. Armstrong will specialize in the raising of pigs and thinks Crow Wing county can raise as good porkers as can be found anywhere in the corn state of Iowa.

### MUSIC AND DRAMA

#### "The Price"

Edna Marshall, who is numbered among the great emotional actresses of the day, will be the attraction at the Brainerd opera house on Wednesday evening, March 19, when Clarence Bennett and company will present her in "The Price" the soul-stirring drama by George Broadhurst, which enjoyed a long run at the Hudson Theatre, New York. It is said that the role of Ethel Toscani peculiarly fits the talents of Miss Marshall yet the pleasure of the performance does not lie alone in her brilliant acting. The ensemble work of the splendid supporting company is unusually fine. Every player makes his or her part a highly creditable character study.

Seats now on sale at H. P. Dunn's.

## HOFFMAN'S "WHITE WAY" METAL POLISH

He Uses an Old Formula and Puts on the Market a Polish Which Makes a Great

### SUCCESS FROM THE VERY START

Exhibited at Minneapolis Auto Show—Gets Orders from London, New York, Chicago

Having for 40 years the formula to make a metal polish which at the same time plates the object it is spread upon and making it at odd times, using it occasionally but never until the last few days realizing its great commercial value, has been the experience of A. L. Hoffman of this city.

Mr. Hoffman would probably have continued carrying this recipe with him and failing to realize on the potential wealth it offered, had not a man interested in automobiles called his attention to the success the polish would achieve if manufactured by Mr. Hoffman, placed on the market and sold as a polish adapted to making and keeping bright the metal parts of an auto.

Mr. Hoffman thought the advice good enough to try out, made quite a lot of his polish, bottled the stuff in six ounce bottles and took it to the Minneapolis auto show and exhibited and demonstrated it in C. J. Smith's booth.

"Well," said Mr. Hoffman as he recounted his experiences in Minneapolis, "the result surprised me. It was successful from the very start. I sold all I had and took orders for 4,200 bottles. A sales agent from London ordered five gross. A Chicago man ordered 50 gross to be delivered in 60 days. My 'White Way' polish, as I have called it, was compared with four other preparations on the market and so far excelled them that it has wiped out all competition. I have had the name registered. Chemists have been working on my preparation trying to find out how I made it, but they have been unable to fathom the secret."

The Pillsbury Sales company of Minneapolis has closed a contract with Mr. Hoffman to place the polish on the market and as a starter will take a certain number of gross a month. The preparation retails at \$1.25 for a six ounce bottle.

Mr. Hoffman has been manufacturing the polish at his home. As soon as the weather will permit in spring, he will build a structure in which to manufacture the preparation in quantities sufficient to supply the ever increasing demand.

"And to think," said Mr. Hoffman as he was about to leave for Minneapolis yesterday, "that I have been carrying this money making secret around 42 years and never knew what it was worth until somebody gave me the tip that it was something that was needed in the auto world at this time."

### NEAR AIR DISASTER

Dr. Frank J. Bell hits a Pelican while Flying at San Diego and Wrecks His Machine

Dr. Frank J. Bell, well known in Brainerd as the aviator who essayed several flights from the Swartz fair grounds and its vicinity and who endeavored to carry Chief of Police Ridley, was nearly killed at San Diego, Cal., on March 11.

The Milwaukee Sentinel states: "While Dr. Frank J. Bell, aviator, was flying 1,600 feet in the air, a pelican became entangled in one of the machine's propellers and wrecked it. The aviator landed safely."

Which all indicates that Bell is flying higher in the west than he ever did at Brainerd.

### STOMACH STARVERS EAT ANYTHING NOW

No Indigestion, Dyspepsia or Sour, Gassy, Upset Stomach for Pape's Diapiesin Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and a dose just as soon as you can. There will be no sour risings, no belching of undigested gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

### DEBT BEING PAID UP

The Commission Form of Government has Proved a Good Thing for Mankato

Dr. R. A. Beise, who takes the "Blue Earth County Enterprise," has given the Dispatch the following clipping which has reference to the good that commission form of government has accomplished in Mankato. The article states:

Mankato city officials expect to wipe out the last vestige of the city's floating indebtedness before another month is over. During the winter the expenses of the city have been cut to the bone, and the result has been that the treasury has accumulated enough money to pay off such floating obligations as have been incurred from time to time. In speaking of this, Commissioner Robert Lamm, who is the city's financial man, told the Enterprise correspondent that it has been years since this debt has been entirely wiped off of the books. He was not certain that there was ever a time when the city had no floating debt. It probably has never been without one in the last quarter of a century, at any rate. Mr. Lamm has given the city's finances the same careful consideration that he applies to his own business, and he has proved to be a successful business man.

## Macpherson and Langford Suits Are for discriminating Women

Do you like a suit that you can wear, for several seasons and have it appear in good style when other suits are out of style?

The women who purchase these suits possess a more stylish suit the second and third season then most of the new suits.

This is due to the fact that the manufacturers of these suits know how to construct a suit for style and service.

## They remain in style

They remain in style longer than other suits. Women who purchase one of their suits do not expect to have to consider a new suit for several seasons. They cost a little more than other suits but they are worth infinitely more. Let us show you.

### Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make up your mind to try a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your more request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

## HOFFMAN'S "WHITE WAY" METAL POLISH

He Uses an Old Formula and Puts on the Market a Polish Which Makes a Great

### SUCCESS FROM THE VERY START

Exhibited at Minneapolis Auto Show—Gets Orders from London, New York, Chicago

Having for 40 years the formula to make a metal polish which at the same time plates the object it is spread upon and making it at odd times, using is occasionally but never until the last few days realizing its great commercial value, has been the experience of A. L. Hoffman of this city.

Mr. Hoffman would probably have continued carrying this recipe with him and failing to realize on the potential wealth it offered, had not a man interested in automobiles called his attention to the success the polish would achieve if manufactured by Mr. Hoffman, placed on the market and sold as a polish adapted to making and keeping bright the metal parts of an auto.

Mr. Hoffman thought the advice good enough to try out, made quite a lot of his polish, bottled the stuff in six ounce bottles and took it to the Minneapolis auto show and exhibited and demonstrated it in C. J. Smith's booth.

"Well," said Mr. Hoffman as he recounted his experiences in Minneapolis, "the result surprised me. It was successful from the very start. I sold all I had and took orders for 4,200 bottles. A sales agent from London ordered five gross. A Chicago man ordered 50 gross to be delivered in 60 days. My 'White Way' polish, as I have called it, was compared with four other preparations on the market and so far excelled them that it has wiped out all competition. I have had the name registered. Chemists have been working on my preparation trying to find out how I made it, but they have been unable to fathom the secret."

The Pillsbury Sales company of Minneapolis has closed a contract with Mr. Hoffman to place the polish on the market and as a starter will take a certain number of gross a month. The preparation retails at \$1.25 for a six ounce bottle.

Mr. Hoffman has been manufacturing the polish at his home. As soon as the weather will permit in spring, he will build a structure in which to manufacture the preparation in quantities sufficient to supply the ever increasing demand.

"And to think," said Mr. Hoffman as he was about to leave for Minneapolis yesterday, "that I have been carrying this money making secret around 42 years and never knew what it was worth until somebody gave me the tip that it was something that was needed in the auto world at this time."

### NEAR AIR DISASTER

Dr. Frank J. Bell hits a Pelican while Flying at San Diego and Wrecks His Machine

Dr. Frank J. Bell, well known in Brainerd as the aviator who essayed several flights from the Swartz fair grounds and its vicinity and who endeavored to carry Chief of Police Ridley, was nearly killed at San Diego, Cal., on March 11.

The Milwaukee Sentinel states: "While Dr. Frank J. Bell, aviator, was flying 1,600 feet in the air, a pelican became entangled in one of the machine's propellers and wrecked it. The aviator landed safely."

Which all indicates that Bell is flying higher in the west than he ever did at Brainerd.

### STOMACH STARVERS EAT ANYTHING NOW

No Indigestion, Dyspepsia or Sour, Gassy, Upset Stomach for Pape's Diapiesin Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief. This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and a dose just as soon as you can. There will be no sour risings, no belching of undigested gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

### DEBT BEING PAID UP

The Commission Form of Government has Proved a Good Thing for Mankato

Dr. R. A. Beise, who takes the "Blue Earth County Enterprise," has given the Dispatch the following clipping which has reference to the good that commission form of government has accomplished in Mankato. The article states:

Mankato city officials expect to wipe out the last vestige of the city's floating indebtedness before another month is over. During the winter the expenses of the city have been cut to the bone, and the result has been that the treasury has accumulated enough money to pay off such floating obligations as have been incurred from time to time. In speaking of this, Commissioner Robert Lamm, who is the city's financial man, told the Enterprise correspondent that it has been years since this debt has been entirely wiped off of the books. He was not certain that there was ever a time when the city had no floating debt. It probably has never been without one in the last quarter of a century, at any rate. Mr. Lamm has given the city's finances the same careful consideration that he applies to his own business, and he has proved to be a successful business man.

## HOLY WEEK IS TO BE OBSERVED

Special Services at the First Congregational Church From March 17 to 21

REV. G. P. SHERIDAN TO PREACH

Sermons Summarizing Steadfastness, Symbolism, Submission, Suffering, Sacrifice

Holy Week is to be observed at the First Congregational church from March 17 to 21. Rev. G. P. Sheridan, pastor of the church, will preach on "Steps Towards Calvary" and the sermons will take up the sub-topics "Steadfastness" on Monday night, "Symbolism" on Tuesday night, "Submission" on Wednesday night, "Suffering" on Thursday night, and "Sacrifice" on Friday night.

REV. G. P. SHERIDAN

The meetings commence promptly at 7:45 P. M. No offering will be taken. Every one is invited to attend the meetings. The special musical numbers for the various evenings include:

Monday night, solo, "His Thought" by Rev. G. P. Sheridan.

Tuesday night, chorus, "Hallelujah for the Cross," by a sextette including Mrs. George D. LaBar, Mrs. C. A. Albright, Mrs. James M. Elder, Mrs. C. W. Hoffman, R. Crust and John E. E.

Wednesday night, duet, "A Friend So True" by Mrs. C. A. Albright and Mrs. C. W. Hoffman.

Thursday night, solo, "The Hand That was Wounded," by Rev. G. P. Sheridan.

Friday night, duet, "Bearing His Cross," by Mrs. C. W. Hoffman and Rev. Sheridan.

### Children's Hour

The ladies in charge of the Children's Hour are very grateful to Mrs. W. A. M. Johnstone and Mrs. H. G. Ingersoll for the very excellent program presented at the library hall Wednesday evening; also are they grateful to all who participated in the entertainment. Every number was most pleasing and delightful.

There were vocal numbers by Miss Vivian Reilly, Benjamin Arnold and Bruce Broady; piano selections by Miss Gladys Nitteraurer, Miss Ora Glass, Miss Marie Clark and Mrs. Nellie Wolfert Isle; violin selections by C. Jensen; character songs by Mrs. Clyde Parker, and readings by Miss Esther Bellmuth.

## Macpherson and Langford Suits Are for discriminating Women

Do you like a suit that you can wear, for several seasons and have it appear in good style when other suits are out of style?

The women who purchase these suits possess a more stylish suit the second and third season than most of the new suits.

This is due to the fact that the manufacturers of these suits know how to construct a suit for style and service.

## They remain in style

They remain in style longer than other suits. Women who purchase one of their suits do not expect to have to consider a new suit for several seasons. They cost a little more than other suits but they are worth infinitely more. Let us show you.

### Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed, nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic to this community only at our store:

The bank starts out with every assurance of success. It will pay four per cent interest.

Through the courtesy of the cashier, R. C. Klinkenberger, a dance was given in the new bank building Thursday evening, March 6. All enjoyed a most delightful time and especially appreciated the courtesy of Mr. Klinkenberger in letting the young people have the bank for their social function.

Additional sinker pumps have been added to the mine equipment and the Barrows mine will soon be free from water.

The ten houses the townspeople company is erecting are nearing completion.

Messrs. Klein and Grimes of the Northern Pacific railway are expected soon to decide upon a location for a depot.

Mr. Ruthbun of Bemidji, intends to go into the hardware business in spring and has bought a couple of lots for a residence and is looking up a business location.

John Logier, of Virginia, Minn., intends to go into the piano business in Barrows and will erect a two story building, 50 by 70 feet in size, of which a part will be used for a music store and the rest of the main floor for a restaurant. The second floor of 24 rooms will be used for rooming purposes.

Otto Mayerli of Eveleth, agent of the townspeople company, had a number of Mesaba range people at Barrows examining lots this week. All were pleased with the growth of the town and many expect to put up buildings in the spring.

H. A. Peterson, newly established in town, is doing a good business. He has a large general store.

R. Burgum, of the Barrows realty company, sold a number of lots last week.

Marcus Grande has gone to Duluth to close up contracts for erecting a number of buildings in Barrows this spring.

John Schwab of Eveleth, brought a number of purchasers from Chisholm and Virginia who expect to erect buildings soon.

W. R. Peyton, of Gowan-Peyton Congdon company, Duluth and a Mr. Mathers, of the First State bank of Grand Rapids, examined the townspeople last week and were well satisfied with it.

C. E. Farnsworth, of Cresco, Iowa, a brother-in-law of C. B. Peck of Duluth, intends to go into the coal and ice business in Barrows. Mr. Peck will run a confectionery store and pool room.

Many a Suffering Woman  
Drags herself painfully through her daily tasks suffering from backache, headache, nervousness, and loss of sleep, not knowing her ills are due to kidney and bladder troubles. Foley Kidney Pills give quick relief from pain and misery, a prompt return to health and strength. No woman who suffers can afford to overlook Foley Kidney Pills. H. P. Dunn.—Adv.

A Message to Railroad Men  
E. S. Bacon, 11 East St., Bath, Me., sends out this warning to railroaders everywhere. "My work as conductor caused a chronic inflammation of the kidneys and I was miserable and all played out. From the day I began taking Foley Kidney Pills I began to regain my strength, and I am better now than I have been for twenty years." Try them. H. P. Dunn.—Adv.

EMPRESS THEATRE  
OPENS IN CROSBY

Special by Phone to Dispatch:  
Crosby, Minn., March 13—The new Empress theater of Crosby was opened Thursday evening and the proprietors, Messrs. H. T. Layman and J. B. Schmit, provided a most pleasing program of three reels of pictures, two illustrated songs and a vaudeville sketch team. Arthur White, of the Empress theater of Brainerd, was the singer of the evening and made a most favorable impression on the large audience present at each performance.

KEEP THE CHILDREN'S  
BOWELS CLEAN NOW

If Tongue is Coated Stomach Sour, Breath Feverish, Bowels clogged, give "Syrup of Figs."  
Mother! Look at the tongue! see if it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, sour stomach, breath bad; has stomackache, diarrhoea, or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and clogged up with waste and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours the foul, decaying constipated matter, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well and smiling child shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of lucious figs, senna and aromatics, it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Adv.

Foley Kidney Pill will reach your individual case if you have any form of kidney or bladder trouble, and backache, rheumatism, uric acid poisoning or irregular and painful kidney action. They are strengthening, tonic and curative, and contain no habit forming drugs. H. P. Dunn.—Adv.

A Cold, LaGrippe, then Pneumonia  
Is too often the fatal sequence. La Grippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Barnegat, N. J. says: "I was troubled with a severe LaGrippe cough which completely exhausted me. Foley's Honey and Tar Compound soon stopped the coughing spells entirely. It can't be beat." H. P. Dunn.—Adv. mwf

WE REMEMBER THE HUMORIST WHO LOOKED AT ONE OF THOSE GREAT BIG POTATOES ON A DINING-CAR OF THE NORTHERN PACIFIC, AND, IN ASTONISHMENT, TURNED TO THE CONDUCTOR AND SAID, "JINGOES! IT WOULDN'T TAKE MANY OF THEM TO MAKE A DOZEN."  
(FRA ELBERTUS)

**When Passengers  
Are Moved to Comment  
Like This,  
It Means Something:**

"I had a most pleasant trip over your road and wish to compliment you and the management upon the same. From conductor down to porter they were a nice, obliging and pains-taking set of men. The dining car service is something to be proud of. I asked the waiter the first night if he hadn't made a mistake in that order for baked potatoes and brought me a pumpkin! He said he had not. I told him that hereafter I would take my baked potatoes on the installment plan."

This reputation for excellence is fast becoming country-wide—and it is even spreading abroad.
